Swayambhu, Kathmandu | +977-9840030814 | [rujalmhrzn@gmail.com](mailto:rujalmhrzn@gmail.com)

[github.com/FlwYoshiro](https://github.com/FlwYoshiro)

A dedicated and ambitious Computer Science student with a solid foundation in QA and frontend development. Currently sharpening skills in QA, PHP, JavaScript, HTML, react.js and relational databases like MySQL and MongoDB. Eager to contribute to real-world projects and apply backend expertise in a professional setting.

## SKILLS

---

**Languages:** HTML, CSS, JavaScript, PHP, QA

**Framework & Libraries:** React.js, Express.js, Bootstrap, Laravel

**Database:** MySQL, MongoDB

## Projects 1- Car Wash Booking System

---

GitHub: <https://github.com/FlwYoshiro/Car-Wash>

- A web-based car wash booking system using Laravel.
- Technology Used: - HTML, CSS, Bootstrap, JavaScript, PHP (Laravel Framework), Database: MySQL

## Projects 2- Pet Adoption System

---

GitHub: <https://github.com/FlwYoshiro/Pet-Adoption-System>

- A pet adoption platform allowing users to browse, save, and adopt pets.
- Technology Used: HTML, CSS, Bootstrap, MySQL, PHP (Laravel Framework)

## Projects 3- Quality Assurance on Daraz

---

GitHub <https://github.com/FlwYoshiro/Daraz-QA-Automation>

- Technology used: JavaScript, Playwright, Node.js
- Designed to automate end-to-end testing for a web application. The project uses Playwright for browser automation, with supporting utilities for API testing and fixtures for test data.
